career development is often neglected in family firms yet it is essential to the continuous process of building leadership capacity for the future a well planned and effective career development process enables individuals meet the strategic challenges of the future this guide enables family businesses to shed their sink or swim attitudes and foster the development of highly skilled leaders for succeeding generations of success

these proceedings represent the work of researchers participating in the 9th european conference on games based learning which is being hosted this year by nord trondelag university college steinkjer norway on the 8 9 october 2015 the conference has become a key platform for individuals to present their research findings display their work in progress and discuss

conceptual advances in many different areas and specialties within games based learning it also offers the opportunity for like minded individuals to meet discuss and share knowledge ecgbl continues to evolve and develop and the wide range of papers and topics will ensure an interesting two day conference in addition to the main streams of the conference there are mini tracks focusing on the areas of the design of multiplayer collaborative serious games applied games and gamification the teacher s role in game based learning games for stem science technology engineering mathematics learning assessment of digital game based learning and pervasive and ubiquitous gaming for learning in addition to the presentations of research we are delighted to host the third year of the serious game competition which provides an opportunity for educational game designers and creators to participate in the conference and demonstrate their game design and development skills in an international competition this competition is again sponsored by segan serious games network with an initial submission of more than 60 games 28 finalists will present their games at the conference prizes will be awarded to the games judged to demonstrate the best quality and originality of game play itself and the positioning and articulation of the game s contribution to the educational domain with an initial submission of 190 abstracts after the double blind peer review process there are 75 research papers 15 phd research papers 4 non academic papers and 8 work in progress papers published in these conference proceedings these papers represent research from more than 40 countries including australia austria belgium brazil bulgaria canada czech republic denmark finland france germany greece hungary ireland israel italy japan malaysia norway portugal russia saudi arabia slovakia slovenia south africa spain sweden switzerland taiwan roc the netherlands the netherlands united arab emirates uk and usa

douglas long is the author of third generation leadership and the locus of control which focused on the new understanding of what influences individuals values world views and the behaviours needed to facilitate leadership fit for the future here in delivering high performance he concentrates on individual unit and organisational performance when an organisation is using a third generation leadership approach leaders constantly seek high performance and high levels of staff engagement but achieving either depends on the competence and commitment of individuals or groups the relationships between these factors are complex many people are competent to do things they have the ability but are not prepared to do them they lack the willingness confidence or motivation and the readiness to perform you can even have the most committed and capable people in the world yet still miss performance targets if there are issues with other factors impacting on performance this book is a response to enquiries from those excited by the prospect of a third generation leadership approach but who still have to grapple with performance issues people who want to obtain and maintain high performing organisations in that sense it builds on the new knowledge imparted in third generation leadership and the

locus of control it is a how to book that gives the reader practical tools that can be immediately applied and activities that can be undertaken in order to develop and maintain the required or even the desired level of performance

positive organizational psychology with its focus on the identification and development of strengths is a natural ally to executive development and leadership coaching however this approach is only just beginning to come to the attention of organizations and consequently the research base for strength based coaching is in its early stages of development strength based leadership coaching in organizations reviews strength based approaches to positive leadership development and evaluates the evidence for their effectiveness critically assesses their apparent distinctiveness and considers how strengths can be reliably assessed and developed in their organizational context strength based leadership coaching in organizations reviews key areas of leader and team development and describes a model of strengths development in organizations it discusses the application of strength based leadership coaching from the managerial and external perspective within the context of career stage seniority role challenges and organizational need in order to facilitate meaningful change finally it covers the limitations of the strength based approach to leadership development together with the challenges of integrating positive leadership development it shows exactly what a strengths focus is and that there is increasing evidence that this approach does get results where other books focus on one model of identifying strengths this book offers a balanced and critical examination showing how to apply a positive strength based approach

leadership evaluate progress along the way as a leadership brand is created and implemented  
book jacket

competencies are a cluster of behaviors and abilities such as interpersonal leadership and business management skills that define effective performance in a role in times of disruption such as the covid 19 pandemic companies may be forced to quickly shift their business strategies competencies and a leadership competency framework are critical components for how companies can accelerate the shift in their talent strategy in this issue of *td at work* michael ganeles and joe sillner outline the reasons a competency framework is important further they explain why organizations need to regularly evaluate competencies provide talent questions that a competency framework addresses present examples of competencies in action discuss six competencies required for the future
